I was to look up stuff that was about Mrs. Winifred S. Langley I found out that Winifred was to have joined the Navy and later on that year she was to give birth to a son Thomas E. Langley Jr. the Navy has a strict rule no women can get with child that they must leave the Navy . In due time Winifred was to help out with her families and then lived on a farm in Pitt County ,N.C. She was to alter mover to Durham, N.C. and stay till Thomas E. Langley was to Finish Med School from DUKE .Then the Family was to move to Jacksonville, Florida and were to take a short trip to Eustis, Florida and the Law was to stop us on SR 19 in the Ocala Forest there was Willis V. Mc Call and the red light flashing . Willis, Hay are Dr. Thom Langley ,Yes who are you just follow me the traffic was to stop and all a sudden the road was lined up with people waving at us .I remember see the Sherriff sitting back with a cigar in his mouth and the lights were rolling, we got to Altoona and the folks were all on the side of the road as we came to Umatilla we saw hundreds of people and mother was so surprised to see such a welcoming party. The car was to go threw Dona Vista and the city of Eustis was like about two miles away and the town was to see all of use and the people were to be so very kind Jimmy Laws was to get us into a A.C. room and we were to go to the Fountain Inn Hotel. The swimming pool was very nice and the Miss Eustis Pageant was to take place .the ladies were to be in swim wear and then get into some southern dresses with hopes and they looked like the women in posters that have a add for Cypress Gardens in Florida. Life was very good for my Mother but I was to have a disability that I couldn't remember under presser. I tried my best and the City of Eustis was the first city to have about five disabled children some with diabetes , others were epileptics and other were with needs that mental health people could help out. some babies were with TaSacks and other were born with only a Mother .I remember that my dad was to come home from seeing a women who had a baby that had very little formula to feed the baby and hardly any food to feed her self.My Dad called my Mother and then Mother was to get some Quilts and blankets that we had not used and gave them to the lady and the baby. My Mother was to put her hands over her eyes and cry because we had so much and the people in the city had so little. Next time you see a person walking down the street ask if they would like a Happy Meal. The person doesn't know that they get Ice Tea and a hamburger with fries and slaw. Just about four dollars ,.that person might be your Angel that will be in front of you in Heaven.Ask yourself who is the winner well it is both of you because you are serving the Lords way .

My Mother had asked me to reply that she wanted all her friends to get to know their Shepard. I was not given any time to speak at the funeral but to know that all are saved was her greatest wish for all to remember her by. Yours Truly Calvin J. Langley

Dear Calvin and Family, When I think of Mrs. Langley, I have to smile. She was such a lovely lady and I enjoyed knowing her. She and my grandmother were friends as well as my mom and many more members of my family. May you find peace during this difficult time and smile at the wonderful memories you have. God Bless, Judy Carter

The first time I visited Winifred's home, a gentleman I had met at Katie Belles in the Villages invited me to church. We went to the First Baptist Church in Eustis, and then he wanted to take me to lunch at a friend's home. We arrived at the home and I was given a tour. I came upon two pictures which caught my attention big time. I said I know the girl in that picture. That is my niece, Rena Callahan, and the other was Chris Langley. We sure had a lot to talk about after that delightful day. What a surprise.We spent many lovely holidays together after that day. Winifred was a delight to be around. She was a beautiful person inside and out. What a wonderful and meaningful life journey. We will miss her immensely. Blessings and prayers to all of you.

Calvin, our moms grew up together and I loved hearing their stories from the early years as well as later in life when my parents would travel to Florida and visit with you and your mom. Your mom was a role model to all who knew her throughout the years; may her legacy bring you comfort in the months to come.

I am so saddened to hear of Mrs. Langley's passing. She was a great influence in my life and will always remember our long talks in her kitchen when I was a young child. She and her family are very special to me. You will truly be missed. God speed and God got a beautiful angel. May God hold her family close at this time. God bless. Christine Carter Getchell

I sure did love this wonderful, Christian, North Carolina lady. She was my neighbor, but most of all my friend for 20 years. She would pick up my daughter when she was young and take her to church which was such a blessing...if we were sick, she brought us homemade chicken soup, another blessing...I could go on and on of the many wonderful blessings she brought into our lives but it would be a book. I will surely miss her, and at the same time, I'm happy that she's finally home with Jesus, her family and friends. Now I have another guardian angel watching over me. 😊

Calvin, we are saddened to hear of your Mom passing away. She was a beautiful lady and an inspiration to many. We still remember the Mission trips to Montana where she worked rings around me! She wasn't afraid to tackle anything. We will be praying for you and the rest of your family. May you find peace and comfort during this time. Bruce and Becky Jagers
