Louise Adams

OCT 15, 1957 - APR 27, 2015

Evelyn Louise Adams, 57 of Sorrento, Fl, joined her father and mother Lloyd and Rosie Woodard in heaven, peacefully, on April 27, 2015. Louise grew up in Orla Vista and later moved to Lockhart to raise her children. She then moved to Sorrento making lots of friends along the way. Louise "Weezy" was referred to as "best friend" by many. She is survived by longtime love Dale Keeling, father of her children and good friend George Adams Jr. her son George E Adams III, his wife Donna and their sons George IV and Clay, her daughter Cassie Barnes and husband Mike and their sons Michael and Weston, also 3 older brothers Jerry, Freddy and Paul Woodard. Louise often bragged about her grandchildren who she loved "all the way around the world" and always treated other children as her own (even the ugly ones) while she will be greatly missed we find comfort knowing that she is now with beloved family and friends who are already there. There will be a celebration of life held at the river on Saturday, May 9th at 2pm. In lieu of flowers we are asking everyone to bring a dish and whatever you'd like to drink.

I don't think there are words to describe how I feel. Sometimes I'm so happy thinking about you and grandma up there together and the next second my heart is completely broken. I feel like when you left a part of me went with you. When I close my eyes I see your face and it makes me so happy and so sad all at the same time. I'm so thankful for the time we had at the end especially our drive to the hospice house when transport never showed up it was a blessing in disguise for sure I will never forget that last sunset we watched together and the words spoken between us. I don't know what happens from here except there will come a day we will meet again and I hope my kids can find a little comfort thinking about me being with you and grandma. I love you mamma all the way around the world!

Dearest Weezy, you were always very kind to me & made me feel on top of the world and made me feel very special and loved. I really got a kick out of some of the things you'd say. they'd come in your head then right out of your mouth, which is one of the things I love about you. Some of the words you made up would crack me up. my favorite one was ' OOFTA'. you meant the world to Radar also and my family really loved you a lot. Radars going to miss you up there cooking the whole gang breakfast in the morning, after a fun night partying, talking, dancing, and listening to music around the fire. We'll talk fondly of you and we have great memories of you. You touched a lot of people's lives. You were very nice to people. Although you were going through a lot, you didn't let it touch other people's lives. You were always there for people, never putting yourself first but putting yourself last. You were giving and had a big heart. You are an amazing woman. I will miss you and I'm so glad that I met you, and we had some great times together, heartfelt discussions and quiet moments. Rest easy now Weezy, without any pain or illness, in your sugar shack my friend. Rest easy in the house of the Lord. Love Always, Jodi 🌸

I remember every time I was at the river she would either already be there or come later. She would talk and talk mostly about her family. And if the family kids were there she would hug them and love on them. She was a loving person and a beautiful soul. RIP
