I was so very sadden to hear the news of Neil's passing. Years ago I worked with him when LifeStream was located at the Waterman Hospital, actually Neil was the very first person I reported to on my first day of the job at LifeStream. I am still at LifeStream to this day. Thank you Neil for giving me my start in this company as I have often thought about all the great times during these years. To the Family I am sending prayers your way in this difficult time. Shelby
