William C. Kelsey

MAR 31, 1921 - JUN 13, 2015

William “Bill” or “Coach” Kelsey of Eustis, Florida and St Paul Park, Minnesota passed away quietly on Saturday, June 13th in his home in Eustis. He was born in Grand Forks, North Dakota on March 31, 1921 and grew up in Saint Paul Park, Minnesota. Bill was a loving husband, father, grandfather, and great grandfather. Bill served in the Navy as a Pilot from 1941 until 1947 and then attended the University of Minnesota. He graduated and began his teaching career in 1950 in Valley Springs, South Dakota. He moved to Eustis, Florida in 1951 and was a beloved teacher at Eustis High School from 1951 until he retired in 1983. He also coached many different sports, but is mostly remembered for his Swim Team. He received his Master’s Degree in Oceanography in 1967 and began teaching Marine Biology at Eustis High as well as running a summer marine biology camp in Crystal River for many years. Bill studied and took up photography in 1974 and handled many weddings and proms. He was active in the United Methodist Church where he could be seen singing joyfully in the tenor section of the choir for years. In his retirement he and his wife took up RV’ing and traveled all over the United States and Canada enjoying a well-earned and long retirement. Bill is survived by his wife of 70 years, Alva Deane “Deanna” Kelsey, his sister, Marlene, Brother, Curtis and his four children, Carol Kelsey Bozeman, David Terrell Kelsey, Patrick Robert Kelsey and Susan Kelsey Jackson, 13 grandchildren, and 20 great grandchildren. He has been influential in many young lives and will be remembered with love and respect. May God always hold him in the palm of his hand and may he rest in peace knowing he lived a life filled with kindness and compassion and left a legacy of love.

Memorial services with U.S. Navy Honors and Rev. John M. Brackman officiating will begin at 2 PM on Thursday, June 18th in the Hamlin & Hilbish Chapel.

In lieu of flowers memorials may be given to the Jayne Hatfield Brackman Memorial Scholarship, sent to; Asbury University, One Macklim Drive, Wilmore, KY 40390

Tessa Clark posted:

Mr. Kelsey was the reason I pursued science education as a career. I remember touring lake Eustis to see all the alligators and learning how to take water samples. He always made science engaging and he gave us students plenty of hands on experiences. Because of him I am a better science teacher. His memory will forever be in my classroom as I continue to apply his methods to make science as thrilling as he did. Ms. Tessa Clark

One Of Many Friends posted:

Anybody that knew Bill knows that not only was he a man of honor and one of the finest men you will ever meet but he had some of the funniest and most unusual expressions. Like, when he wasn't sure what to do next, you might hear him say "I don't know if I should scratch my watch or wind my butt!" What a sense of humor. It was as great as many of his other qualities. Our lives are better for having known him and our world has been deminished by his loss.

David Lawrence, Ehs posted:

Well Mr. Kelsey taught me a lot of things, like the time he gave me a pink belly for acting up on a field trip to his Limnology lab on Lake Eustis "I'll never forget that". I fell in love with the guy, because he showed he cared about everyone, and wanted everyone to be as smart as he was. I haven't seen him in many years, and I never got the chance to tell him, but I created a whole Scuba Diving Educational program based on the things he showed and taught me about a place he loved FLORIDA! The program reaches all over the state and its called DIVE into BIOLOGY. His teaching truly lives on!

Kevin Torman posted:

The last time I stopped by the Kelsey home to visit Bill, he no longer remembered me specifically, but was more than happy to see and talk with me. It's hard to accept that I had become just another student in his long career, but he will forever have a special place in my heart.I was grateful for the opportunities to attend Crystal River multiple times, as well as serving as a counselor at Doe Lake. Bill also sponsored the Brain Bowl team during my years at EHS, often picking me up and taking me home. His lab was my lunch spot most days, talking with him, or helping with some project he was working on.I'm sure they're are hundreds of students with similar stories throughout his long career.I hope knowing that his students remember him so fondly, in some small way, eases the pain for the Kelsey Family. My sincere condolences at the passing of one of my favorite teachers and a man I was proud to call a friend. Kevin Torman '82

Winnie Kelsey posted:

I remember the first time I met my father-in-law. He was so smart, kind and wise; a born teacher with a twinkle in his eye. He gave me a hug and whispered in my ear, "You know, you've got the best man in the world there", referring to my wonderful husband and dearest friend David/Terry. I whispered back, "I know, he's just like you." We smiled deeply at each other and, as we were leaving, a great grandson was making a beeline toward Bill and, with a huge smile and open arms, I heard him say endearingly, "C'mere knucklehead"... It was an honor to know him and I know he will live in our hearts forever.

Betty Ann Slaven Morris Mckelkan lit a candle in honor of William.

The City of Eustis pool shared from Coaches talent as a shop teacher. Those kick boards we held, the racing blocks we charged from and for the February cold morning swim practices were blocked by clear plastic panels blocking the bitter cold wind that was blowing off the lake. Swimming lessons with Coach gave me a new change in 1972 as I returned to Eustis I was quickly back in the pool assisting Coach as my two children were now his students. What an honor! Life with Coach as class of 59 sponsor gave our homecoming floats the most unusual spectacular ones every seen. Picking moss from trees, poking it through chicken wire as a silver spray coated the outer float. The genius shop coach amaze everyone with styles such as a rotating birthday cake that classmates enjoyed riding round as the float move forward My respect for coach continue as we shared choir practices and performances with his awesome tenor voice . The was never a dull monomer as Mr. Bill could pop out a joke when least expected. I have a confession as time after time he would called out here comes Mae West! Only Years later did I realize who I was nick named after. Thanks Coach Kelesy for all the memories!

Coach Kelsey was one of those teachers that had the ability to make a seventh grader feel like he could survive the hallowed halls of high school.

Charles Fraser shared a photo to the **Tribute Wall** album.

Coach Kelsey picked me out of a swim lessons class as an eight year old to complete his ten and under relay that needed a fourth person and I cherished that summer of blue ribbons. Carol and Pat showed me the bomb shelter he built and I went fishing once with his family off the Daytona Beach Pier. Like my parents, Malcolm and Janet, he understood I would have to carve my road independently. He is a part of the guts, drive and focus on goals that made me. Crying for Coach Kelsey is a privilege.Happy Charles Malcolm Fraser - Class of '75
