This is the first time I'm hearing about Roberts passing, I knew him for many years and the last time I spoke with him was June of 2006 when he visited me on Long Island, I also had visited him in Rex, Ga and I believe was Winter Park, Florida. I met his Mom there, and just to mention he was a fun loving guy that I have often thought about however we did just grow distant, I'd like to offer my deepest condolences to his family and I'd like to know what happened. if someone that might see this would kindly contact me I would greatly appreciate it.

Robert was more than my uncle. He was the man who taught me about humor in life, no matter how rough it got. He taught me it was okay to speak my mind and to stand up for myself. I remember his odd cooking habits and still laugh to this day about him trying to deep fry canned asparagus. I will always hear his laugh and his donald duck impersonation. Robert Kenneth Dively you are dearly missed. I love you

I remember Robert very well. He was a wonderful person, who I attended high school with at Maplewood High School. He was very quiet, but very friendly. He would do anything to help his friend, and was always ready with a caring heart and kind words. He had a great sense of humor and laughed easily. He was easily one of the nicest people who attended school during the mid 80's, and those of us who knew him expected great things from him in his life. He is gone easy too soon, he was way too young to already be gone. My deepest condolences to his family.

I had the honor to work with Rob for a short time. A hard worker, a good person, a happy soul. We are all better having known him. I am sad for his family and friends for the loss. Happy for him to be in a better place.
