Brandi and I always had a special sister bond. We could go months and not talk but always had that sisterly connection. She was like a big sister should be.... A protector, a confidant, a ear when I needed it and a shoulder to cry. All I keep hearing in my head is her voice saying "Hey Sissy".... I still cannot believe this and can't come to grips with it. No matter what she went through she was still my big sister and I saw no wrong in her. She was an amazing sister and she loved her kids so much. She fought a rough battle and became an even tougher and beautiful mom. My heart is in pieces and I pray for my nieces and nephews as well as her mom and family to get through this time. Brandi I will miss you so much.

"I am just devastated". I've known Tina for years, so Brandi practically since birth. Brandi was a daughter to me (literally). I have a lot of memories of Brandi. A couple during her teenage years which still make me laugh. Over the last couple of years Brandi and sometimes her mom would stop by to visit. It was only for a view minute's at a time because I was at work. She fought a tough battle and came out a STRONG beautiful ,loving mother. I will miss those visits, her calls and text. Brandi will always have a special place in my ❤️. Brandi you are LOVED and will be missed by many.To her mom, family and all her beautiful children. I hope you can find peace in your love and memories of Brandi.Trina and Jamie you are in m thoughts and prayers. I love you all. Love ,Tina

My memory of my aunt would be the time I was over at her house for a bonfire in Destination. You will be loved and missed Aunt Brandi. I'm going miss you. We may not have spent lot of time together but the time we did, I'm glad. I love You Aunt Brandi and I know you are in a better place.

Brandi you are such a beautiful person, and I miss you so terribly. You were such a dear friend to me, and I will never forget you. I love you! I sit around and wonder, and watch the days go by. I look at all the pictures, and ask, why did you have to die? You've always been there for me, because you were my best friend, and I was always there for you until the very end. But now it's time to let you go, your spirit now is free. Even though you won't really be gone, because you'll live inside of me. So when we have to leave you at your resting place, I will always remember your smiling, beautiful face. This is hardly a goodbye, so I won't weep anymore, because now you're in a better place than you ever were before. Even though I will miss you, and I'll think about you every day, you'll always be my best friend.
