I first met Fred when I worked at Gates Alberts in north chili NY he would deliver specialty metals they needed for maintenance of the screw machines he was rarely cross even on the worst days in winter he always had something positive to say most days he was in a hurry to get to his next deliveries but would stop and chat for a while and get his cup of coffee he loved so much back then I never knew I would eventually meet his daughter Jackie and marry her He will be missed by his Family and friends very much my condolences go out to his family

To know my grandfather was to love him. I've never heard anyone speak ill of him. He was strong, brave, and selfless. He gave to others until he had nothing to give. I have more memories than I can list here. Nearly every memory I have of him is full of love and laughter. He will always mean the world to me and I will miss him dearly every day.

I love you Dad, and miss you so very much. My recent favorite memory of him is when we stopped at a gas station and a guy outside was selling Safari type hats. Dad bought one and he was so happy. You could see the light in his eyes. He was like a child again.
