It was a deep sense of loss when I learned of Sheila's death. I am now processing the loss and the empty place in my heart that can only be described as separation from a faithful friendship that has remained since so many hours shared together in high school. Together we have continued that friendship throughout our adult lives. Sheila was faithful to everyone that she cared for. You only have to know her devotion to Jim, to Kim and her grandchildren, her family and her friends. I am so grateful for the Hope that lies before me in knowing that the friendship we have shared here will be reunited for eternity. May that Hope fill the void for each family member in the days to come. My thoughts and prayers are with you, Lynn Morgan-Freeman

Sheila was the first friend that I made when my parents retired and dragged me from urban New Jersey to Tangerine Florida. Can you say culture shock!! We had moved before the school year began so Sheila took me by the hand and introduced me to the wonders of Mt. Dora. Her smile and humor were infectious. We shared many laughs over the years...you know the kind where one or two words were all that were needed to send us into fits of laughter. I am so glad to have been able to spend a little time with her in January. My sincere condolences to the family. I know she leaves a void in their hearts. Mary Sadler

Sheila and I grew up together in Mt. Dora graduating in 1963 from MDHS. Sheila and I have remained very close friends all these years. I will miss her greatly - her laughter, her jokes and sense of humor, always caring about someone else -- never taking time for herself. She loved her family so much!!! What a tremendous loss to her family and friends. Love you, Sheila and I will see you someday in Heaven!!!Shirley (Couch) Grantham
