Ralph was the big brother who could do it all. He came from a humble background but knew he could be successful in all aspects of life through hard work. He was the oldest of five children and sometimes his job included taking care of us by giving advice and paving the way. He was kind, unselfish, and careful to help those who were in need..We will miss his subtle laugh and humorous jokes. This computer genius could also be so down to earth and in tune with his surroundings. He could ride a motorcycle and win trophies for his skills as a rider. He could also be that handy mechanic who could repair that motorcycle when he had his few meetings with the good earth!! How lucky I was to have him as a brother and friend. I will miss him dearly. With a loving heart for this gentle man, Paulette Davis Sister

Have you ever seen a more loving couple. Together is where they always wanted to be and they are now together again.
