My thoughts and prayers go out to your family. I want to tell you something I will always remember about George. My husband Shelton & George were good friends and when we worked in Cedar Rapids in 95/96 there was a huge snow storm with drifts way over your head. We were eating supper at my and Shelton's apartment and I heard something outside. I looked out the 3rd floor window and there was a young man trapped in the snow. He had fallen and could not get up. The wind chill was in the negative teens. George wasted no time running down the stairs and out into snow that was literally 18" over his head and dug out a tunnel and brought the man inside the apartment building and made sure he was ok before we all returned to finish our dinner. I will always remember that with admiration.##imported-begin##Lisa Thibodeaux##imported-end##
