Dear Jim (MaccaRooney), Let's face it. You are now capable of reading my every thought and observing my every action. So anything I might write here, you already know. My heart goes out to those who are feeling a great loss and, to be sure, I will miss you too. Try as I might to find the perfect words to describe what you have done for me - I can't even come close to the simple, clear eloquence of Diane McKinney's words in this Guestbook. She says it all. You are so very special. You have been and will remain a totally positive influence in my life. Thank you my buddy! Love, Tonie##imported-begin##Tonie Toney##imported-end##

My Dearest Friend Mac, You will be forever missed and always in my thoughts and heart. You brought me closer to My Savior in what I do everyday; you inspired me to be the best person I could be and help as many people as possible. This was one of your legacies to everyone you met. You have such a great spirit and kindness, worrying about everyone else in your life while fighting the fight. I look forward to when I will see you next. I'll be really missing that big bear hug of yours by then.##imported-begin##Diane McKinney##imported-end##
